Dear Dave:

I thought you would find the enclosed article about Governor Dreyfus from The Washington Star of April 12, 1980 amusing.

Unfortunately, it's been quite a long time since we've been in touch. I am now busily and, on the whole, happily engaged in the practice of law in Washington, with little leisure time left for the scholarly pursuits of my earlier days. I hope you and your family are well.

Warm personal regards.

Sincerely,

Howard Roffman
